

The SAC specifically encourages PHAs to use this mailbox to submit the following requests:

- Technical assistance requests, including submissions of itemized and specific rehabilitation costs at a project (and a draft HUD-52860B and recent PNA, if available) for HUD feedback on whether the rehabilitation of a project will not be cost-effective, in accordance with 24 CFR 970.15 and the criteria in PIH Notice 2012-7; and
- Amendment requests for demolition/disposition and other SAC approvals.

The SAC will process all requests submitted to sacta@hud.gov as official correspondences. No additional paper submissions will be required.
